

## Confusing Atoms

You have finished all quizzes! Please complete a short survey. Thank you!

Please provide the username assigned to you. Ask the researcher if you do not know it. We ask this information so that we can match your response in this survey with your performance in the previous questions. Your identity will not be released for neither the survey nor the C++ quizzes. What is your username?

What is your gender?

Male

Female

Rather not say

What is your highest education level? (If you are a student, please report the degree you are pursuing.)

Associate Degree

Bachelor's Degree

Master's Degree

Doctoral Degree

Professional Degree

When did you first learn C/C++? (Please report month and year, such as 11/2008. If you do not remember the month, then simply write the year.)

If you first learn C/C++ formally (at school or in a training), please let us know where.

If you first learn C/C++ informally (self-taught or using online tutorial), please tell us what method you used.

When was the last time you used C/C++? (Please report month and year, such as 8/2015. If you do not remember the month, then simply write the year.)

Please estimate your months of experience in C/C++ language.

If C/C++ is not your dominate programming language, please tell us what is your dominate programming language, for example Java, PHP, Python, etc.

Please estimate your months of experience in programming, including any language

You have completed the study. Thanks again for your participation!
